FIGHTEX damper kit FD2 HONDA CIVIC Type-R

FIGHTEX Damper kit Type DA for HONDA CIVIC TYPE-R (FD2)

HONDA CIVIC TYPE-R (FD2) Type DA 51520-FD2-000 278,000 yen (Full KIT).

* STD spring lower rubber seat requires a small modification.

Feature

- 12 step damping force adjustment. Soft to hard settings.
- Ride height adjustment. Car ride height can be adjusted by the adjustable bottom bracket of the dampers and the rear spring jack without changing the spring pre load.
(The rear section has two adjustment parts for upper spring jack and the damper lower seat.)
- Car height adjustment wrench. (two wrenchs, one set.)
- Flexible shaft drivers are included to make adjusting the rear dampers quick and easy.
(Small modifications required to the trunk trim)
- Spring rate can be changed at the time of order. (No Charge.)
- Overhaul and specification changes are possible. So making and keeping your Fightex dampers personal.

Supplied springs

Front :10K-200mm-ID60

Rear :10K-140mm-ID70

Adjustable height range to standard height

Front :approx -5mm~-50mm

Rear :approx -20mm~-50mm

Description

Flexible shaft drivers are included to make adjusting the rear dampers quick and easy.

(Small modifications required to the trunk trim)

The aim was to creating a damper with comfortable street performance and to retain the aggressive sporty feeling of the original damper, after much development and testing a new Fightex DA (Dual Adjust) damper for the Civic (FD2) has been created.

This flexibility has been achieved, from its hardest setting the FD2 Fightex dampers give the driver by direct feeling an alert and agile sporty drive to its softest settings of a graceful and comfortable cruise.
