Anti G force Oil Pan FN2 CIVIC K20Z

Anti G force Oil Pan K20Z FN2

Extra service hole & TODA Mark

Anti G force oil pan FN2 CIVIC (K20Z) Price 59,000yen 11200-K20-N01

Feature

- Designed to help prevent oil from moving around under extreme conditions. Preventing drops in oil pressure and air from mixing with the oil.
- The main baffle plate is removable. Making it easy to flush out foreign bodies from every hole and corner when overhauling.
- Extra service hole provided. For example : an additional oil temp sensor, etc. (1/8PT)
- The TODA logo to show that this is not your STD oil pan.
- Please re-use the oil level sensor .(New oil seal is provided)
